GENERAL CONSTRUCTION SERVICE

We offer a broad spectrum of general construction services to meet the diverse needs of our clients across various sectors. With years of experience and a team of highly skilled professionals, we have developed comprehensive and tailored solutions that guarantee quality, efficiency, and durability.

Project

CONSTRUCTION OF 2 RESIDENTIAL VILLAS

Location: Kampala, Uganda

Project Scope

Two modern 4-bedroom villas with swimming pools, featuring concrete, block, and steel works. The project emphasizes comfort, functionality, and durability, with well-planned living spaces, modern finishes, energy-efficient systems, secure environments, and sustainable, smart home-ready designs.

Client: Universal for General Construction & Trading LTD

Project

CONSTRUCTION OF 8 RESIDENTIAL VILLAS

Location: Kampala, Uganda

Project Scope

Eight villas were constructed using reinforced concrete, masonry blockwork, and steel structural systems. The project focused on delivering robust, efficient, and user-centric residential units, with carefully designed layouts, high-quality modern finishes, enhanced energy performance, integrated security features, and provisions for future smart home integration.

Client: Universal for General Construction & Trading LTD

Project

ROAD CONSTRUCTION & REHABILITATION

Location : Adok – Leer , South Sudan

Project Scope

Bush clearing, earthworks, and construction of an 8 metres wide gravel carriageway, including formation of dyke and road embankments using approved materials, drainage works, and maintenance of existing culverts.

Client: WFP

Project

CONSTRUCTION OF OFFICES & COURT BUILDINGS - CHIKUDU

Country: South Sudan

Project Scope

Construction of Roots of Generation (ROG) office, multi-purpose office, Traditional Authority Court with VIP latrines, and perimeter fence.

Client: DT Global

Project

CONSTRUCTION OF DYKE, BOR - SOUTH SUDAN

Country: South Sudan

Project Scope

Construction of a flood protection dyke between Jalle and Nyany, including site preparation, excavation and formation of the dyke embankment, drainage structures, surface preparation, and construction of a gravel carriageway.

Client: WFP

Project

CONSTRUCTION OF SPILLWAY, WALL & COFFER – RUTILE

Country: Sierra Leone

Project Scope

Construction of the L7 spillway, retaining wall, and cofferdam, including bush clearing, earthworks, road embankment formation, gravel pavement works, installation of concrete pipe culverts, spillway excavation, and provision of safety berms.

Client: SRL(Sierra Rutile Limited)

Project

CONSTRUCTION OF PRIMARY HEALTH CARE CENTER

Location: Renk , South Sudan

Project Scope

Construction of a Primary Health Care Centre with delivery room at Abayok, including sanitation facilities, perimeter wall, waiting shade, incinerator and ash pit, and placenta pit.

Client: IOM

Project

RENOVATION & EXPANSION - UNITED STATES EMBASSY RESIDENTIAL COMPOUND

Location: Juba, South Sudan

Project Scope

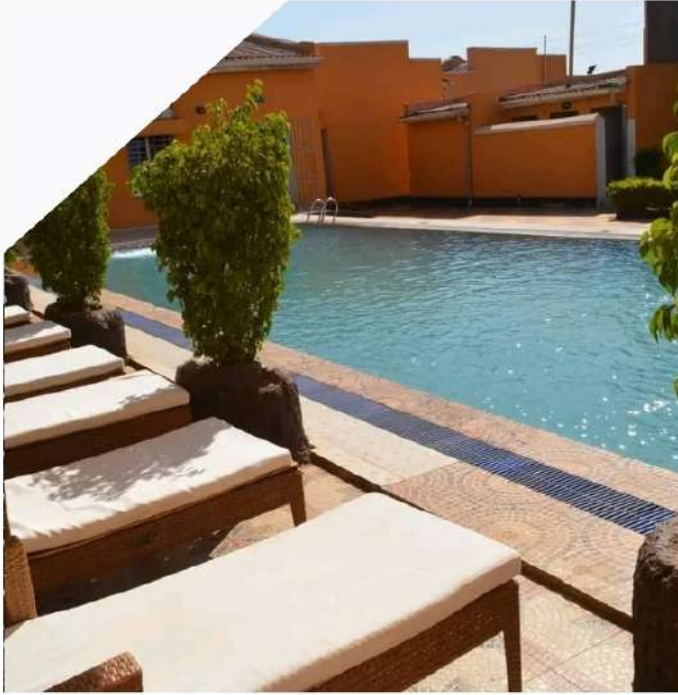

Phased renovation and expansion of the kitchen facility, including final design completion, upgrade to commercial standards, continuous operation during construction, associated external works, and installation of commercial kitchen equipment.

Client: DOS, UNITED STATES EMBASSY, JUBA

Project

EXTENSION OF HOTEL - UNIVERSAL GAB HOTEL - WAU

Location: Wau , South Sudan

Project Scope

Client: IOM

OUR MACHINERIES

We supply a wide range of heavy duty machinery, supported by a large fleet capacity, enabling us to run multiple projects simultaneously and effectively support construction, roadworks, and other large-scale developments.

DEVELON HEAVY DUTY MACHINARIES DEALERSHIP

We are the official dealers of DEVELON branded heavy duty machineries in Sierra Leone and Liberia, supplying a wide range of DEVELON machineries.

BOREHOLE DRILLING

We provide professional borehole drilling services across the countries we operate, supplying safe and reliable groundwater for drinking, irrigation, and industrial use, with a focus on efficiency and environmental responsibility.

Project

DRILLING OF WATER BOREHOLE AT RUMBEEK - SS

Location: Rumbek, South Sudan

Project Scope

The scope of work includes drilling a borehole, installing a submersible pump powered by solar panels, and connecting the water supply to the existing elevated water tank to ensure efficient and sustainable water distribution.

Client: IOM

Project

MUNUKI, JUBA SOLAR POWER INSTALLATION

Location: Juba, South Sudan

Project Scope

Design and installation of an 85 kW three-phase solar PV system comprising 415 W and 440 W panels, 25 lithium batteries (9.8 kW each), and on-grid, off-grid, and hybrid inverters. The system is roof- and parking-mounted, fully integrated with the utility grid, supports a monthly load of 9–11 MWh, and includes complete electrical works, testing, commissioning, and handover.

Client: ALENI & NOAH GENERAL TRADING AND CONSTRUCTION CO.LTD.

TRANSPORTATION

We offer comprehensive transportation solutions designed to meet the diverse logistics needs of our clients. With extensive experience and a dedicated team, we provide reliable, efficient, and safe transportation services across various sectors, ensuring timely delivery and seamless supply chain management.

SERVICE WORKSHOP

We operate fully equipped service workshops dedicated to maintaining, repairing, and servicing construction equipment and machinery. With expert technicians and advanced tools, we ensure that all equipment remains in optimal condition, minimizing downtime and maximizing productivity for our clients.

PROJECT MANAGEMENT

Guided under the skilled leadership of experienced project management professionals, our project management services are committed to delivering construction projects on time, within budget, and to the highest quality standards.

THANK YOU

If you are considering any of our services, our expert team is ready to assist you.
